DISTILLERY DATABASE

Powered by Wines Vines Analytics

Built by Wines & Vines with decades of experience in data collection and online search services for wineries, growers and brewers, the **Distillery Database** is the first of its kind. Search, sort and pull reports never before available for spirits distilleries.

Using the new Distillery Database, you can search our industry-leading database using multiple selection criteria to get highly targeted results. Your results easily output into advanced report types and download data exports.

SEARCH & SORT BY:

- Distillery Name
- Geographic Search
 - State
 - Metro
- 2 Distillery Types
 - Large Distilleries
 - Craft Distilleries
- Spirit Types

DISTILLERY PROFILE INCLUDES:

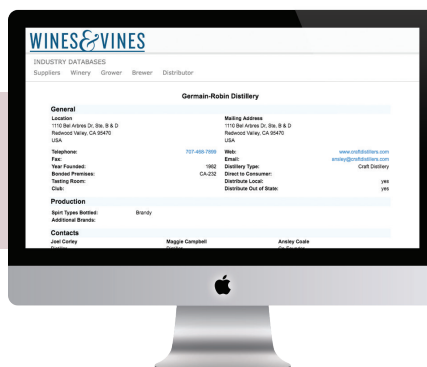

- Location & Mailing address
- Telephone, Fax
- Email, Web
- Spirit types
- Tasting rooms
- Contacts

EXPORT DATA:

- Output reports to screen or to .xlsx
- Sorted by name, location or size
- Location & Mailing address
- Contact Name & Title
- Telephone
- Email, Web
- Job Function(s)

Who can benefit from the Distillery Database?

- Winery suppliers looking to expand distillery client base
- Distillery suppliers looking for new clients

\$1500 per year

Each company's Distillery Database service is effective for one year from initial service date for up to five users, providing unlimited access to search the system and download data sets.
